Ercros participated in the second edition of the Tortosa +45 Job Fair, an initiative promoted by the City Council and the Chamber of Commerce that brought together some thirty companies from the Terres de l'Ebre region to promote employment for people over 45.

Joan Carles Galiana, head of industrial relations at the Ercros factory in Tortosa, assisted those interested in learning about the most in-demand professional profiles in the industrial sector and the job opportunities offered by the company.

During the event, the Ercros stand was visited by Francesc Minguell, manager of the Tortosa Chamber of Commerce, who expressed his gratitude for the company's participation in the fair, an initiative that reinforces Ercros' commitment to employment and talent development in the region.
